View the Information You Want  
Wherever You Are

## Ever wish you could be in more than one place at a time?

With Honeywell's Total Connect™ Video Services, you can! Now you can view live video on up to six cameras at a time, receive images of specific activity occurring around the interior or exterior of your home and more on the same mobile devices you use each and every day. You can control and manage your own account and even assign photos for individual family members.

## Just picture the possibilities!

*Total Connect™ app is available for free download in the Apple® iTunes® App Store™. Total Connect subscribers can download the BlackBerry app for free by logging into their accounts. The Android app is available in Android Market. Apple, iPhone, iPad, iPod touch and iTunes are trademarks of Apple Inc. All other trademarks are property of their respective owners.*

## Picture the Possibilities...

Receive the up-to-date information you need in real-time whenever you want, wherever you are. You can:

- Check up on kids, babysitters, elderly relatives, pets, housekeepers, contractors and more
- Keep an eye on your home from any remote location, with or without a security system
- Monitor vulnerable spots like entrances, patio and pool areas, driveways and liquor cabinets
- View multiple locations from one account—great for real estate inventors, vacation home owners and franchise owners
- Free apps available for iPhone®, iPad®, iPod touch®, BlackBerry® and Android™
- Control pan and tilt cameras with a simple up, down or diagonal swipe of the finger across Apple iPhone, iPad or iPod touch devices

# Notification and Remote Look-in Services

## Event-Driven Notification

Specify the exact type of events you want to be notified of and receive video alerts in real-time.

## Video Capture

Record and store video clips, take snapshots or have pictures e-mailed to you upon an event.

## Mobile

Total Connect™ Video Services let you view video and images over compatible mobile devices.

## See What You Want to See!

Choose the events you want to be notified of, and when they occur, we'll let you know in real-time.

For example, you may want to see exactly when your child arrives home from school, when a delivery arrives or when your business opens in the morning.

**The possibilities are endless!**
